ABOUT US

ABOUT US

EUROPEAN STANDARD

About Us

European Standard W.L.L was formed to meet Innovative engineering and construction challenges by successfully implementing, as a general contractor, civil and commercial projects and Building Material supply. We are the one of emerging contracting company in Bahrain.

We are a high-end general construction supporting company with large established clients that require massive development projects. **Civil Construction, Interior and Exterior works, Steel Construction Works, Metal Decking, Access Platform, Railing System, Stairways, Shade Structures**

Our specialized and experienced team can take the responsibilities of your projects and work force into a long-term or short term business for your organization. We have many reputed clients because of our superior quality materials and work with high capable professionals in all of our specialized business sectors. Every choice or recommendation we make has your goals in mind.

◆ Vision

European Standard dedicated to provide local and international markets with world class, high quality services and supply of superior quality with latest fashion tiles, Marble and granite from direct manufacturer in world wide as per customer's requirement.

◆ Our Quality

We are assure the quality on our each works and materials which are under our responsibility in our projects, quality is the defining factor in how we evaluate and are evaluated by others. So we would escalate engineers or appropriate professionals to assure each days project progress, quality of works and materials which are delivered for our projects. We believe that the secret to achieving the highest level of quality for any job starts with having standards.

We'll take a deep dive into all the ways you can ensure your next project excels in quality. We'll examine what is quality management, how service quality is determined, what can stand in the way of quality programs, and what processes you can put in place to ensure the highest quality for any job.

◆ Mission

Our Mission is to achieve long-term sustainable growth by adding value to our Customer's operations with high standard performance.
